

THE EVENING NEWS

DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 8.

ADA, OKLAHOMA THURSDAY EVENING, MAY 18, 1911

NUMBER 37.

NOTICE TO THE TRADING PUBLIC

We will, on Saturday, May 20th, open for business our General Merchandise Store in the building west of the Ada National Bank, and will convince the discriminating buyer that we are in a position to quote prices that will not be met by competitors. While our stock is not complete in every detail as yet, there being large consignments of goods en-route, we have in stock now about \$20,000 worth of good dependable Dry Goods, Notions, Ladies' and Gent's Furnishing Goods, bought at 50c on the dollar which enables us to sell at less than wholesale cost and still make a profit. Within a few days we will open our grocery department which we expect to make the most complete and up-to-date grocery store in the city. In this department, as well as throughout our immense stock, we expect to make a specialty of High Values and Low prices. Call on us and let us show you our goods, tell you how much we want your trade, and how we are going to try to get it. Very respectfully.

LORIMER ELECTED BY BRIBERY

FINDING OF ILLINOIS LEGISLATIVE COMMITTEE—A JUDGE DENOUNCED.

Springfield, Ill., May 17.—That Senator Lorimer's election in 1909 was accomplished through corruption and bribery is the finding of the Helm committee of the senate of Illinois.

In a report submitted to the senate this afternoon, the five investigators assert that the proof before them tends to show that a large corruption

fund was raised and used in bribing members of the last general assembly in order to induce them to vote for Lorimer for senator.

The committee reports that it sought to follow up trails leading toward the sources of the bribery fund but that it was blocked by the habeas corpus decision of Judge Adair Petit in behalf of Edward Tilden, George M. Benedict and William C. Cummings. It reviews the evidence dispassionately and gives its conclusions in the following terse sentence:

"Your committee has reached the conclusion that the election of William Lorimer would not have occurred had it not been for bribery and corruption."

The finding is the direct opposite

of that reported by the subcommittee of the United States senate after its hearings in Chicago last summer. Brief as the conclusions are, the expectation here is that they will afford ample warrant for a reopening of the Lorimer case by the United States senate.

The report was accepted by the senate and made a special order for consideration tomorrow morning, by which time it is expected to be out of the hands of the state printer.

In drafting the report, the committee carefully steered clear of sensationalism. The document is remarkable for its temperate tone. It makes no recommendations, the committee confining itself with reviewing the evidence, dovetailing it together and voicing the simple conclusion that the Lorimer seat was bought.

Scattered through it are significant paragraphs relating to the testimony about the \$100,000 corruption fund from several witnesses, among them Clarence S. Funk, manager of the International Harvester Company; C. F. Weihe and W. M. Cook of Duluth.

The committee reports that it has learned that other pertinent proof concerning the corruption exists in states outside of Illinois. Although the report says nothing further on this score, this information is to be given to the investigators from Washington if the senate reopens the case.

When the report is considered tomorrow resolutions may be introduced that the finding be transmitted to the United States senate.

As a preliminary to the presentation of the document the senate this morning adopted the Hurlbush resolutions that no appeal be taken from the Petit decision and characterizing the decision as an "unwarranted and unlawful interference" with a legislative branch of the government.

DIAZ AGREES TO RESIGN

TO RESTORE PEACE WILL GIVE UP PRESIDENCY BY JUNE 1.

City of Mexico, May 17.—President Diaz and Vice President Corral will resign before June 1.

Minister of Foreign Relations de la Barra will become President ad interim.

Madero to Act With De La Barra.

Francisco J. Madero, the revolutionary leader, will be called to the City of Mexico to act as De la Barra's chief adviser and as the greatest guarantee possible that every pledge made by the government would be carried out.

Will Be Virtually Joint Presidency.

As viewed by the public it will be virtually a joint presidency, pending the calling of a new presidential election.

The Cabinet will be reorganized. The minister of war will be named by De la Barra. The foreign office will be in charge of a subsecretary named by De la Barra. Other cabinet members will be chosen by De la Barra and Madero, acting jointly.

A new election will be called within six months.

Political Amnesty to Be Recommended.

Political amnesty will be recommended to the Chamber of Deputies.

These are the changes upon which President Diaz will compromise. Virtually, they are admitted in high quarters to be a complete surrender to the revolutionists.

Guarantee More Complete Than Asked.

The resignation of Diaz and the "joint regency" of De la Barra and Madero are said to constitute a guarantee so complete that the original insurrecto demand for fourteen governors no longer needs to be considered.

Cabinet in Session.

The Cabinet was in almost continuous session for two days, despite the severe illness of President Diaz. The president's entire face is infected from an ulcerated tooth. He showed fever yesterday, but this symptom was eliminated today. He speaks with the greatest difficulty, but while he is in severe pain his condition is not regarded as calling for alarm at this time, despite his advanced age.

General Armistice Almost Certain.

The government conditions were telegraphed to Judge Carbajal this afternoon, with instructions to submit them to Gen. Madero. If they are accepted (which is regarded as certain) an armistice covering the entire Republic of Mexico will be signed. Inasmuch as the government believes it has made every concession that the revolutionists have requested, it is firmly believed that a treaty of peace will follow.

Public Profoundly Gratiified.

Without abating one jot their admiration for the man who has made modern Mexico the public received

Yours truly,

Shaw's Nickel Store
THE GOMING CASH DEPARTMENT STORE

S. M. SHAW, Prop.

the announcement of his intended resignation with profound satisfaction.

One Point for Possible Quibble.

It is suggested that in the conditions one point over which a quibble may occur is that regarding the selection of the Minister of War. The selection of this member of the Cabinet is left entirely to De la Barra. He must be, according to the agreement of the Ministers and the president, "a general who has the good will and respect of the army." Many people see in this an intimation that Gen. Bernardo Reyes will be the choice.

ADA IS SEVENTEENTH IN POPULATION

According to the special federal census of 1907 Ada ranked fifteenth in the state in point of size, but during the next two and one-half years Hugo and Altus outstripped her in the race and she now ranks seventeenth. In order of their population the towns ahead of Ada are as follows: Oklahoma City, Muskogee, Tulsa, Enid, McAlester, Shawnee, Guthrie, Chickasha, Ardmore, Sapulpa, El Reno, Lawton, Bartlesville, Durant, Altus, Hugo.

In the state there are 114 towns with a population of more than 1,000.

Girls' Industrial College Dedicated.

Chickasha, Ok., May 17.—The dedication of the new building for the State College for Girls took place in this city Sunday. This is a state college for girls. The building was erected at a cost of \$100,000. The institution is for the higher education of women. The classics, art, music, literature and domestic science are in the curriculum. The school has been in operation for two years in rented quarters. There are at present over 150 girls in attendance. The school is founded along the lines of the Mississippi College for Girls, located at Columbus, Miss.

Addresses at the dedication were made by Justice S. W. Hayes, State Superintendent Wilson and President Evans of the State University.

H. J. McKeown, cousin to Judge T. D. McKeown, arrived yesterday and will remain during the critical time of the illness of Mrs. T. B. McKeown.

BOOSTER COMMITTEE HAS GOOD SUCCESS

Yesterday afternoon the committee appointed to solicit funds to send one or more representatives with the Ftisco booster train scheduled to leave Muskogee May 28, spent about an hour at work and collected over \$100. They will probably complete the round this afternoon, and judging from the success of yesterday they will raise a sum sufficient to send two men with the boosters. The committee met only six refusals to contribute while on their rounds yesterday.

Sapulpa's New Water Plant.

Sapulpa, Okla., May 18.—A contract for a new water system to cost \$229,400 was let to the Southwestern Engineering company of Oklahoma City by the city council of Sapulpa today. A series of reservoirs and deep wells will feed the system. Work is to start immediately. Burns & McDonald, Kansas City engineers, will have charge of the work.

FRANKS TELEPHONE LINE IS NEARING COMPLETION

J. J. Townsend was in from Franks today collecting the money subscribed for stock by Ada citizens. He stated that the line would probably reach Abbott today. At that place it will connect with the line already in operation to Ada and a large territory will thus be in telephonic communication with the county seat.

Get the habit—Buy your bread from the Model Bakery wagon. 29-dtf

WE DO SELL GROCERIES

Not by accident, but because the goods we sell are right in quality and right in price. We want your trade—not on sentiment—not on friendship alone—but on merit. It must be good if we sell it. We invite all, especially the ladies, to come to our store and take a look through, we believe you will find your every want met in Quality Goods and palate tickling dainty things for the table

MOVING PICTURE SHOWS.

It is not alone the man who in-
vents something of general utility to
the world that deserves praise. The
human race naturally seeks some
form of amusement and he who in-
vents some innocent form of enter-
tainment must be counted among the
benefactors of the race. Thomas Ed-
ison will go down in history as the
genius who thoroughly subdued elec-
tricity and made it man's most use-
ful servant, but the pleasure loving
public—especially the younger por-
tion of it—should always hail him
as its best friend, for it was he who
invented the moving picture. A mov-
ing picture is the cheapest form of
innocent amusement and being in
reach of even the poorest will al-
ways be popular. Not only does it
bring joy to the little folks, but even
the tired business man finds relief
and relaxation from his cares while
watching the magical pictures flitting
about the stage. Thousands of lives

are made brighter every day through
this invention of the great genius,
and had he never accomplished any-
thing more in life his career could
not be counted a failure.

Now that the city council is catch-
ing up with the many duties that
confronted it at the beginning of its
term of office, the News hopes to
see it take up the Carnegie library
proposition and push it to a speedy
and successful conclusion.

When a girl has a man to dinner
her mother's only idea seems to be
to make him ashamed of himself
for not being in the family.—Denison
Herald.

There is a great difference some-
times between anticipation and real-
ization. Many a man has it all pic-
tured out how he is going to startle
the world with some magnificent
achievement, but somehow the world
refuses to be so badly startled after
all. The great speech the man had
planned out and which sounded so
grand when rehearsed in the silence
of the attic sounds rather flat when
delivered to an unsympathetic pub-
lic. Many a book that the author
thought would move the universe has
evaporated with the ink on the pen
with which he sought to express his
thoughts on paper. Many a battle
which seemed certain of a glorious
issue as some man hundreds of miles
away planned it has been lost be-
cause of an unforeseen difficulty. It
is the man who is able to change
his plans and act in the light of the
final development who makes a suc-
cess of an undertaking.

An Ingenious Contrivance.

Since the water famine began the
electric plant has had about as dif-
ficult a problem confronting it as
can well be imagined. At first a ten-
inch well was drilled at the plant,
but it soon failed. Then a well was
dug west of the Frisco railroad and
an electric driven pump installed,
but it was a trifle expensive to keep
a man on duty day and night to
watch it. Finally, F. E. Bowman,
manager, suggested a plan which
Fred Ford worked out that saves this
item of expense. A switch was plac-
ed in position that can be operated
from the plant itself. This is man-
ipulated by two electric magnets.
When one coil is excited the iron
core is pulled upward, elevating the
end of a rod and lowering the other
until the ends of the attached wires
are immersed in cups of mercury,
thereby closing the circuit and start-
ing the motor which drives the pump.
To keep it in place a tube filled with
mercury is placed horizontally the
length of the rod, and when the rod
is lowered at one end the mercury
settling at the end of the tube keeps
it in place. The gauge which regis-
ters the depth of water in the well
is so arranged that when it sinks to
the lowest level an electrical circuit
is closed and an alarm gong rung
at the plant. The operator simply
turns the lever reversing the cur-
rent. The rod is raised and the cir-
cuit broken when the ends of the
wires are lifted from the mercury
cups and the machinery stops. To
manipulate this contrivance it was
necessary to string six or eight wires
from the power plant, but once com-
pleted it works beautifully and is a
marvel of mechanical skill.

It has cost the company \$1,000 to
provide a supply of water sufficient
to keep going, but it is thought that
there is no danger of having to shut
down any time.

The Illinois legislative committee
gave Mr. Lorimer's coating of white-
wash a considerable dash of ink in its
report. Wonder how the senatorial
artists who applied said whitewash
feel in the light of the new devel-
opments?

Back From the Reunion.

This morning Rev. Mike Cassidy,
Capt. W. H. Fisher and Miss Webb
returned from the Little Rock re-
union. Mr. Cassidy stated that people
were crowded so badly that the mid-
dle of the Arkansas river was the
only place where there were none.
Capt. Fisher stated that although the
city did all possible for the comfort
of the visitors, the crowd completely
overwhelmed it. Between 12,000 and
13,000 veterans were present, and the
other visitors were estimated at from
150,000 to 200,000. He said that a man
had to keep walking all the time or
be run over. He weighed 215 pounds
the day he left Ada, but had fallen
to 205 by this morning.

Miss Zayda Campbell was appointed
sponsor of the camp of Sons at Ada.
Capt. Fisher says she and Miss Webb
are about the best walkers he has
seen in a long time and thinks that
if they are ever called to war they
should join the infantry.

Prof. T. F. Pierce returned from
Chickasha this morning where he had
been attending the state meeting of
county superintendents. He reports a
harmonious meeting, good program
and some good accomplished.

Tax Rolls Received.

The tax rolls of the town of Allen
which were the first received by the
county clerk, show a decrease in the
valuations of that place of about \$10,-
000 over last year. The town of
Stonewall shows an increase of about
\$22,000; Francis an increase of about
\$20,000, and Maxwell township a de-
crease of about \$20,000. In the last
named instance, however, the assess-
or overlooked a considerable amount
of land. When this is assessed the
valuations will be fully equal to the
assessment of last year.

LARGE FUND RAISED FOR METHODIST COLLEGE

Oklahoma City, May 18.—The build-
ing fund of Oklahoma Wesleyan col-
lege has been enriched to the extent
of \$30,000 through the efforts of
President N. L. Linebaugh, who re-
cently returned from an eastern trip
in the interests of the church ex-
tension board of the M. E. Church,
South. While on the tour Mr. Line-
baugh visited Washington, Richmond,
Knoxville and Nashville, and solicited
funds for the college merely as a
side line. He received a donation of
\$10,000 from one individual, he states.

Work on the college buildings is
proceeding rapidly, and it is expect-
ed that the administration building,
two dormitories, the infirmary and
the steam laundry will be completed
and the college ready for the open-
ing by the beginning of the fall
term, September 14. Mr. Linebaugh
states that he has received more than
500 applications from girls in various
parts of the state for admission, but
that only 200 will be accepted this
year. Fifty of these are Oklahoma
City girls, it is said.

With the \$30,000 received on his
last trip, there is now ample funds
with which to carry on the work
of construction. Fourteen more dor-
mitories will be built in the near fu-
ture, which will make the total ca-
pacity of the school 1,500 pupils, and
make it the largest women's college
in the United States west of the
Mississippi.

Judge Barton used his usual per-
suasive measure today to get some
evidence against a bootlegger. When
a man or boy suffers from a lapse of
memory in a case of this kind the
judge gives him ten days in jail in
which to refresh his memory. He
has had occasion to send nine of
them up, but the longest to remain
in before talking was an Indian who
spent two days in jail. The one to-
day gave up the fight before reach-
ing the door.

EFFECT OF DECISION IN TIGER CASE

Ardmore, Ok., May 18.—The recent
decision of the supreme court of the
United States relating to Indian lands
does not affect all of the Five Civiliz-
ed Tribes alike in some particulars.
The case in point—Marchie Tiger vs.
Western Investment Company—went
on appeal from the supreme court of
Oklahoma, construing Sec. 16 of the
Creek supplemental agreement and
Sec. 22 of the act of Congress of
April 26, 1906.

Sec. 16 provides that no Indian him-
self, or any heir of a deceased In-
dian, may sell any portion of his
allotment or inherited lands for five
years. In the Choctaw and Chickasaw
Nations under their agreement no
such restrictions were placed upon
the heirs of deceased Indian allot-
tees, but such restrictions were plac-
ed upon the allotment of the individ-
ual Indians only, and therefore the de-
cision of the supreme court of the
United States does not affect what is
commonly called "dead claims" in
the Choctaw and Chickasaw nations,
but it does affect dead claims in the
Creek Nation.

Under the Choctaw and Chickasaw
agreement, differing from the Creek
agreement, an heir to inherited lands
may sell allotments so inherited
without the approval of the secre-
tary of the interior, and the moment
after the death of the allottee from
whom the lands are inherited up to
April 25, 1906, after which date the
secretary's approval was necessary.
But the last named act was mod-
ified by Sec. 9 of the act of Congress
of May 27, 1908, which provided that
instead of the secretary's approval
the proper county court of Oklahoma
may approve conveyances executed
by full-blood heirs.

In 90 per cent of the cases this has
been done, so that the decision of
the supreme court does not disturb
conditions in the Choctaw and Chick-
asaw Nations. Indeed, the decision
of the supreme court of the United
States will tend to steady titles, in
that, first, it announces a definite
rule, and, second, it clears the titles
to lands where the deed has been
executed by the individual allottees
under Sec. 16 of the Choctaw and
Chickasaw supplemental agreement,
which was repealed by the McCum-
ber amendment, being a part of the
act of congress of April 26, 1906.

While it may affect adversely the
adventuresome who bought direct
from the allottee under act of Sept.
25, 1902, the careful and conserva-
tive investor, who had bought Choctaw
and Chickasaw lands under the
act of 1908, is not affected thereby;
nor is he affected where he bought
lands inherited under the suppl-
emental agreement prior to April 26,
1906. But the decision is profitable to
him in that it has cleared his title
of all deeds where acquired from
the individual allottee under Sec. 16
of the act of 1902, which was sup-
erseded by the McCumber amendment
of 1906, the McCumber amendment
being upheld by the Supreme court
of the United States.

Congress at its session in Decem-
ber, will be petitioned to remove the
restrictions from the surplus allot-
ment of adult Indians; in that each
man, woman and child on the roll
has 320 acres of the average allot-
table land in the Choctaw and Chick-
asaw nations, and since in a fam-
ily of five there would be 1,600 acres,
it is pointed out that there is press-
ing necessity from the standpoint of
need of taxes and from the stand-
point of development of the coun-
try that more land be placed upon
the market than the present method
affords.

Jno. I. McCool, postmaster and at-
torney, was down from Francis this
afternoon.

COUNCIL EMPLOYS

CITY ENGINEER

The city council held a call meeting last evening and closed a contract with Preston C. Thurmond of Sherman, Tex., as city engineer for a period of eleven months at a salary of \$125 per month. He will have the supervision of the construction of the Byrd's Mill line and of any work done in the city limits of whatever nature.

Eighth Grade Examination.

Today examinations are being held for eighth grade diplomas by those who have not had the opportunity to take it before. Miss Bertha Campbell of Steedman is taking the examination here, and at Francis the following class is trying it: Clara

Heatly, Ella Lewis, Ruth Moore, Pauline Moore, Basil Hammond, Bertie Cleveland, Charley Latta, Earl Norman.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

S.S.S. PERMANENTLY CURES BLOOD POISON

One reason why S. S. S. is so successful in the treatment of Contagious Blood Poison is that this medicine strengthens and builds up the stomach and digestive members while it is purifying the blood. A great many medicines used in treating Contagious Blood Poison are composed largely of mercury and potash, and are recommended to the sufferer because they are intended to dry up or remove the humiliating outward symptoms. But such treatment cannot cure the disease, and its continued use will often so weaken and disease the stomach as to make a nervous wreck of the patient. And too, when these mineral medicines are left off the smoldering poison takes on new life and soon the old symptoms of ulcerated mouth and throat, brown, scaly spots, falling hair, sores and ulcers, etc., return with increased virulence. Then the disease makes more rapid headway because the weakened system offers less resistance to its ravages.

I didn't find out that I had contracted Contagious Blood Poison until it had made considerable headway, and fortunately for me the friend that I first consulted had had some experience with the disease, and advised me to take S. S. S., so I didn't fool with any doctors, but began at once the use of your medicine, taking it as directed. My friend told me to stick to it, and that was what I did, and got along splendidly from the very first, and my recovery was rapid. I took only about one dozen bottles, and am now as well as ever. When I began S. S. S. my face was so full of sores and eruptions that I could not shave, and now there is not a blotch or pimple on my body.

WALTER WEBER, 4301-2 Fourth St., Evansville, Ind.

S. S. S. cures Contagious Blood Poison and it does so by purifying the blood and keeping the stomach and digestive members in perfect condition all the while by its fine tonic effects. S. S. S. is a purely vegetable remedy, made entirely of roots, herbs and barks of recognized virtue as blood purifiers. It does not contain a particle of mineral and is therefore absolutely safe for any one. S. S. S. cures on the principle that not only must the poison be removed from the blood, but the circulation must also be enriched and vitalized with nourishing powers. S. S. S. is known everywhere as the greatest of all blood purifiers and a safe, certain cure for Contagious Blood Poison. Home Treatment Book and medical advice free. S. S. S. is for sale at drug stores.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Girl Wins Medal in Spelling Contest.

Chickasha, Ok., May 17.—Miss Laura Robinson of Blackwell, Ok., is the winner of the medal given by the department of education for the best speller in Oklahoma. Miss Robinson is only 12 years old. She stood up for eleven hours in the spelling contest. The contest opened at 4:30 o'clock yesterday afternoon and continued until 11 o'clock last night and opened at 8 o'clock this afternoon, when Miss Robinson was standing

alone. Nearly every county in the state had a representative in the contest.

Fowler-Jones Drug Co., Incorporated.

The charter has been received for the Fowler-Jones Drug Co., capital \$6,000. The incorporators named in the charter are E. E. Fowler, J. E. Jones, W. H. Rayburn and J. F. Fauntleroy.

REUNION AT LITTLE ROCK

Little Rock, Ark., May 17.—Business sessions of the United Confederate Veterans were brought to a close today with the selection of Macon, Ga., as the reunion city for 1912 and the election of officers. Tomorrow the parade, for which these reunions are famous, will take place and tomorrow night the Confederate ball will be given.

The following officers were re-elected:

Commander-in-chief, General Geo. W. Gordon, Memphis, Tenn.

Department Commanders—Army of Northern Virginia, Lieutenant General Irvine Walker, Charleston, S. C.

Army of Tennessee, Lieutenant General Bennett H. Young, Louisville, Kentucky.

Trans-Mississippi department, Lieutenant General K. M. Van Zandt, Fort Worth, Tex.

The veterans put their stamp of approval on the telegram sent earlier to President Taft in response to his greeting to the gathering. It read:

"The United Confederate Veterans' association, assembled at Little Rock, Ark., in annual convention, representing the confederate survivors of the war between the states, desire to express their appreciation of the kindly telegram sent by you.

"Viewed from either a personal or an official standpoint it brings to the association greatest pleasure. It speaks volumes for the breadth and generosity of the sentiments the American people now hold of the gigantic conflict of 1861-65 and the universal recognition that the men of the south fought for what they esteemed a great principle and which they backed by unflinching courage.

"This feeling plays a most important part in the restoration of that perfect harmony and confidence felt by both the north and the south. As brave men we are not unmindful of either the courage or patriotism of the federal armies. As of our own soldiers, we emphasize the achievements of those who followed the stars and stripes.

"No patriot would change the spirit of peace and unbounded faith felt by all Americans in the superb destiny of the republic and which fills the hearts of all true men in every part of our country.

"Intensely loyal to the memory of our gallant and chivalrous confederate dead, we cheerfully accord those with whom we battled, due praises for what they did in the course of the most dreadful war of modern times.

"As confederates we cannot forget the splendid sentiments which prompted you while secretary of war to get aside in Arlington cemetery a plot for the burial of our deceased comrades who died in prison or fell in the vicinity of Washington, nor can we fail to think gratefully of your appointment of many of our distinguished sons to high offices.

"In your association with the southern people you have always manifested a spirit which has won our esteem and which assures you of a welcome in the southland of the most cordial kind. You can rest assured that the spirit and sentiment of your message are fully appreciated by every living confederate."

J. M. Bailey, a veteran of Denton, Tex., fell from a railroad bridge today and was killed. The body of T. B. Duckett of Asheville, N. C., was found in the Arkansas river today. He was overcome by heat yesterday, and it is supposed wandered away.

Veterans Condemn Unfair History.

Little Rock, Ark., May 17.—In scathing terms, the historical committee of United Confederate veterans denounced certain histories covering the period of the civil war characterizing as unfair and unfortunate the manner in which the South's attitude in the war of 1861 is set out. They urge a boycott of all such text books. The report was unanimously adopted. The committee on resolutions criticized certain camps of veterans for taking part in politics.

A report of the credentials committee showed 840 camps represented with 2,331 accredited delegates.

Joe Foster, who is in charge of the road crew, was in town this afternoon. He reports that about fifteen miles of new road has been opened since the gang was put to work.

Ice Cream Supper.

Thursday evening on yard of North Ada Baptist church. Will begin serving at 7 o'clock. Come and help us pay for our pews. 36-2td

J. M. Howell, a popular druggist of Greensburg, Ky., says, "We use Chamberlain's Cough Remedy in our own household and know it is excellent." For sale by all dealers.

Mexican Rurales.

The corps of Mexican rurales was created in the time of President Benito Juarez. The law which created the rurales fixed the number of seven battalions of 125 men each and a company to be located at Matamoros. The pay of each of the rural police was fixed at \$1.12 per day, each to furnish his horse and equipment with no classification as to the character of the mount or the arms which each man was to bear. As a result they were decidedly a body of irregulars with some five per cent, wearing the uniform of the cavalry of that day. Each battalion was divided into two companies, one of seventy and the other of sixty-five men. Their commanders and other officers held the same rating that they do today. Just as at the present time, the rurales were attached to the interior department, but at the same time they were at the disposition of the department of war for service in campaigns.

His Light Didn't Shine.

There was an accident at a railway crossing at night, in which a farmer's cart was struck and demolished and the farmer injured. Counsel for the railway won the case for the defense irrefragably on account of the testimony of an old colored man, who was stationed at the crossing. When asked if he had swung his lantern as a warning, the old man swore positively: "I surely did." After the trial the lawyer called on the old negro, and complimented him upon his testimony. He said: "Thankee, Marse Jawm, I got along all right; but I was awfully scared, 'cause I was 'fraid dat lawyer man was goin' ter ask me was my lantern lit. De old done give out befo' de accident."

Question Pertinent.

Doctor Scott, joint parent with Liddell of the well-known Greek Lexicon, was at one time master of Balliol college, Oxford university, and master at all times of quiet sarcasm. A noble lord who had rooms in the buildings which adjoined the master's house and who, contrary to regulations, kept a dog in college, went to complain of the noise made by cats. After he had expatiated for some little time on this grievance, Doctor Scott said, with the gentle, slow drawl which lent additional force to his sallies: "Is that a cat, Lord Donoughmore, that I hear barking on your staircase every night?"

What She Wanted.

Father (to his daughter)—I've brought you a zither for your birthday, my dear, and a book by which you can teach yourself to play on it in a month.

Daughter—But it was the zither teacher I wanted most.

Consolation of an Ex-Champion.

Samson sought consolation. "At least she didn't ask me if I shaved myself," he mused. However, he resolved to stick to regular barbers for the future.

Board Will Sue Former State Banks.

Oklahoma City, Ok., May 17.—By direction of the State Banking Board Attorneys Stuart, Cruce & Gilbert of this city are filing suits against forty-one National banks which until recently operated under state charters and converted to escape assessments under the depositors' guaranty law. Actions are filed in the district court of the banks' domicile, for their assessment on the basis of 1 per cent of their average daily deposits for the last previous year, amounting in the aggregate to nearly \$60,000. The 1 per cent was levied a few months ago as an emergency as-

essment to repair the depleted guaranty fund, and a number of the banks involved in the litigation converted from state to National a short time prior thereto, but under the board's ruling they take the same status as an institution which converted after the call was made. According to J. C. McClelland, member of the state banking board, several of the delinquents settled when the board threatened to sue.

Prof. J. F. Lilly was summoned to Ardmore this morning by the dangerous illness of his grandmother, Mrs. Lizzie Lilly.

BEAUTIFUL SKIN

soft, clear, velvety—free from rough spots, patches, eruptions and blemishes—can only be obtained by intelligent care and a healthy condition of the skin.

A. D. S. PEROXIDE CREAM

is a valuable preparation, of great assistance in producing a beautiful, attractive skin—because it contains a superior antiseptic agent, which clears the pores of impurities, and is healing and invigorating in its action.
